

Amendment to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application.

Listing of Claims:

1. **(Currently Amended)** A control device for remotely controlling a controlled device, comprising:

 a display unit that displays a control panel of the controlled device;

 a control unit that produces operation information; and

 a communication unit that sends the operation information to the controlled device,

 wherein the operation information includes a shifting history of a cursor displayed on the control panel, ~~and~~

 wherein the shifting history includes identification information of buttons depressed by the cursor in a single operation, and

 wherein the shifting history includes identification information of buttons released by the cursor in a single operation.
2. **(Previously Presented)** A control device according to claim 1, wherein said control device is a television.
3. **(Previously Presented)** A control device according to claim 2, wherein the controlled device is one of a video recorder and a digital photo-album device.
4. **(Previously Presented)** A control device according to claim 1, wherein said communication unit communicates with the controlled device via a serial bus.

5. **(Currently Amended)** A controlled device controlled remotely by a control device, comprising:

 a communication unit that sends a control panel of the controlled device to the control device, and receives operation information from the control device; and

 a control unit that controls said controlled device using the operation information, wherein the operation information includes a shifting history of a cursor displayed on the control panel, and

 wherein the shifting history includes identification information of buttons depressed by the cursor in a single operation, and

wherein the shifting history includes identification information of buttons released by the cursor in a single operation.

6. **(Previously Presented)** A controlled device according to claim 5, wherein the control device is a television.

7. **(Previously Presented)** A controlled device according to claim 6, wherein said controlled device is one of a video recorder and a digital photo-album device.

8. **(Previously Presented)** A controlled device according to claim 5, wherein the communication unit communicates with the control device via a serial bus.

9. **(Previously Presented)** A control device according to claim 4, wherein the serial bus conforms to IEEE 1394-1995 standard.

10. **(Previously Presented)** A control device according to claim 3, wherein said communication unit communicates with the controlled device via a serial bus.

11. **(Previously Presented)** A controlled device according to claim 8, wherein the serial bus conforms to IEEE 1394-1995 standard.

12. **(Previously Presented)** A controlled device according to claim 7, wherein said communication unit communicates with the control device via a serial bus.
